🎓 EDUCATIONS

Master's in Information Technology

Epitech Technology

09/2020 – 09/2025 | Bordeaux, France

Bachelor GPA: 3.39 / 4.00 | Master GPA: 4.00 / 4.00

Exchange year at Keimyung University in South Korea

Focus: Software Engineering, AI Integration, Low-Level Programming

📁 EXPERIENCES

Full Stack Software Developer

Treefrog Therapeutics 📄

04/2025 – 10/2025 | Bordeaux, France

Development of a web application for data visualization and processing (front-end, back-end, and infrastructure) using Vue.js, Express, Prisma, and PostgreSQL.

Full stack AI Software Developer

Yalink

09/2024 – 02/2025 | Bordeaux, France

Development of the front-end and back-end for the website and mobile app, as well as CI/CD. Built internal optimization tools integrating AI technologies (Next.js, GraphQL, Nhost, Hasura).

Exchange year in South Korea

Keimyung University

08/2023 – 06/2024 | Daegu, South Korea

Year abroad in South Korea, where I explored 2D and 3D video game design using Unity.

Full Stack Software Developer

Yalink 📄

04/2023 – 08/2023 | Bordeaux, France

Deepened my skills in web and mobile development. Discovered the Next.js framework.

Innovation Hub Coordinator

Epitech Technology 📄

01/2022 – 07/2023 | Bordeaux, France

Coordinator of the Innovation Department at Epitech Technology Bordeaux, organizing workshops and talks.

Industrial Software Developer

Premier Tech Digital 📄

07/2021 – 12/2021 | Martillac, France

Development of embedded software tools for production line analysis in C#.

📁 PROJECTS

Medali

Hospital Bed Management System

Design and development of a web application to optimize hospital bed management.

Portfolio website

Development of my web portfolio to showcase professional experience.

Designed and built the web, tablet, and mobile interfaces.
